## Education

**University of Portland, Portland, Oregon**

**May 2015**

- Major: Computer Science
- Minor: Entrepreneurship

## Technical Skills

- **Languages:** HTML, CSS, Javascript, Java, C, C++
- **Operating Systems:** Android, Linux, Windows, OS/X
- **Engineering Software:** Eclipse, gcc, Emacs, Visual Studio, IntelliJ, Xcode

## Experience

### **Web Development**

- My group and I developed a data visualization tool to visualize University of Portland admissions data geographically, in a manner that is useful to the University of Portland Admissions staff.
- Have also worked on many websites for clients, myself, and other side projects.

## Leadership

**University Innovation Fellow**

**2014-Present**

- A program that offers undergraduate engineering students the training and support to become leaders who catalyze change on their home campuses.

### **Entrepreneur Scholars**

**2013-2014**

- A competitively selected group of University of Portland undergraduate students who create new business ventures, social enterprises, as well as implement innovative products and delivery models for these organizations.

### **Global ADE**

**2012-Present**

- On the Marketing Team, where we were in charge of getting donations from local companies

## Employment History

**HealthSparq Front-end Developer**

**May 2014 – August 2014**

- Intern for a Cambia Health Solutions company, where I further expanded my web development skills. Learned new technologies like Ember.js, SASS, and Bower.

**Journeys, Portland, Oregon**

**May 2013 – December 2013**

- Sales Associate

**ATEK Companies, Eden Prairie, Minnesota**

**July 2013 – August 2013**

- Information Technology Team
